

Familiar with arctic winter driving?

Really? If not, please read this before you hit the road:

- Never stop in the middle of the road to take pictures
- Don't rely on map applications, you may get lost or stuck in deep snow
- Braking takes (a lot) longer on icy and slippery roads
- Always wear a reflective vest if you have to go outside the car

Welcome to winter wonderland. The dark arctic weather is no joke.
Have a safe trip – and of course, don't drink and drive!
